SERVICE FIRST!

- Q:** Some residents have expressed concern about some people who cannot afford to pay and/or do not have any insurance. Specifically, they feel some people will hesitate in calling for assistance from the EMS crews when they have an emergency?
- A:** Ability to pay will NEVER be considered when providing service. Under the Compassionate Billing Policy, no one will suffer financial hardship as a result of a necessary emergency medical transport. When residents need emergency assistance, they should call 911 without hesitation.
- Q:** How does the billing process work?
- A:** The City of Poquoson contracts with a private billing company to handle the billing process. After patient care is provided, insurance information will be obtained from the hospital. The City of Poquoson will waive co-payments and deductible for City residents. Non-insured residents will receive an initial statement from the billing company, while insured residents will receive an explanation of benefits (EOB) from their insurance company. Non-insured residents may submit a hardship waiver stating financial hardship.
