

LANGLEY AIR FORCE BASE JOINT LAND USE STUDY (LAFB JLUS)

The City of Hampton, working closely with the military and other jurisdictions in the area (Newport News, Poquoson, York County), is undertaking the preparation of a Joint Land Use Study for Langley Air Force Base.

WHAT IS A JOINT LAND USE STUDY?

A Joint Land Use Study (JLUS) is a cooperative land use planning effort conducted as a joint venture between an active military installation, surrounding cities and counties, state and federal agencies, and other affected stakeholders.

WHAT IS THE PURPOSE OF A JOINT LAND USE STUDY?

The primary objective of a JLUS is to reduce the potential conflicts between a military installation and its host community while still accommodating new growth and economic development, sustaining economic vitality, and protecting the general public's health and safety, without compromising the operational missions of the installation.
