**TO:** City Council

**FROM:** Graham Wilson, Assistant City Manager

**SUBJECT:** Resolution in Support of Legislation Proposed by Delegate Helsel in Regard to Workers' Compensation; Presumption of Compensability for Certain Diseases

Delegate Helsel has introduced a bill as a co-patron for consideration by the Virginia General Assembly during the upcoming 2019 session. The proposed legislation adds cancers of the colon, brain, or testes to the list of cancers that are presumed to be an occupational disease covered by the Virginia Workers' Compensation Act when firefighters and certain employees develop the cancer. The measure removes the compensability requirement that the employee who develops cancer had contact with a toxic substance encountered in the line of duty.

A resolution expressing Council support of this bill is presented for your consideration.
